

The logo for Repair Camera Workshop is displayed on a black rectangular background. The word "Repair" is written in a white, sans-serif font. Below it, the words "Camera Workshop" are written in a bold, red, sans-serif font. The "C" in "Camera" is particularly large and prominent.

Repair Camera Workshop

The Camera Repair Workshop is having a break for essential refurbishments, and will be closed from Friday 24th of March, 2017.

We are not accepting postal repairs, after Monday 20th March, as we cannot guarantee that the work can be returned before our office is closed. Whilst there will be workmen in the premises, they will not be able to take in any deliveries or repairs. We're sorry for any inconvenience, but we will be straight back into work, as soon as possible! We aim to continue repairing photographic equipment for the foreseeable future, and hope that you'll return when we resume.

We will be fully open again by Thursday 4th May 2017, and if it's any earlier we'll post here, and also on our facebook page.

If you have not collected your repaired item, please let us know, by calling Dave on 01908 378088 before Friday 24th March. After that date, please email on dave@camerarepairworkshop.co.uk, and we will contact you.

To ensure that we can be contacted promptly, we have decided to use email that can be accessed from wherever we are, please allow 48 hours for a reply.
